Street Car Victim Dies at Hospital

After fighting a 48-hour uphill battle against death Sarafino Panateda, an Italian who was struck near East Shore park on Wednesday evening by a westmound street car, died at the Craven hospital at an early hour this morning.

Although Drs. C. L. Abbott, U. S. Abbott and H. L. Carpenter worked over the man from the time he was brought to the hospital until his death this morning their efforts to stave off death's grasp proved futile.

For a short while following the trepanning of the man's brain in which a large piece of his skull was demoved it was thought by the attending physicians that he would survive, but a sudden relapse, coupled with the large amount of blood lost, is the probable cause of the man's death.

Had the man survived the operation it is probable that he would never have been able to do manual labor of any sort as the least possible jar his head would have instantly killed him. He is survived by two brothers, both residents of Stege.

The exact date for the funeral has not as yet been set.

"No Over Head Walk" Says Agent Trull

Station Agent W. B. Trull, when interviewed this afternoon on the matter of the Santa Fe erecting an overhead walk across the local freight lards leading to the shops made the following statement:

"Of course, there is no doubt but that the walk is very much in need but as a matter of fact it cannot be built until after the re-arrangement of the yards which will be several months from now."

Mr. Trull further stated that with the re-arrangement of the local yards the company was also planning to add ten more tracks to be equally divided for freight and passenger use.

Plans and specifications for the new $50,000 depot which is to be erected on Ashland avenue are at the present time being prepared, the work of which will be commenced during the next few weeks.

VAUDEVILLE ENTERTAINMENT AT MAPLE HALL

A grand vaudeville entertainment will be given at Maple hall, Third and Ohio Streets, on the evening of Saturday, April 25th, under the auspices of the teaching staff of St. Mark's Sunday school. The price of admission will be 50 cents.

After the entertainment there will be dancing and everybody is promised a good time.

The best talent has been secured in this city, which is a guarantee that the program will be first-class in every respect.

The best of talent has been secured for the entertainment and the program is very elaborate.

The music will be furnished by Martin Mattern's band and orchestra.

ATTENTION AUTO OWNER

Party who inserted following advertisement in Record-Herald yesterday, please call at this office.

FOR SALE—1-2-4 Passenger 4 cylinder Buick; magneto, speedometer, lamps, extra tires, windshield. Price $250. 527 5th St., Richmond, Cal. Apr 22 6t*

MAN IN TROUGH THINKS THAT HE IS SHIPWRECKED

A man giving his name as Henry Williams was arrested by Officer Munday last evening for acting in a drunk and disorderly condition. When picked up by the officer Williams was floundering around in a watering trough and thinking that he was probably in a shipwreck and was shouting "save the women and children first." He will appear before Police Judge Lindsey tomorrow.

Leonard Gerlach, former high school student, and now enrolled in the telegraph department of the navy, was a visitor in Richmond yesterday.

A late report from Delegate W. J. Lane at Los Angeles states that he is having a very enjoyable time.

Sheriff R. R. Veale was a visitor in Richmond last evening.

We always have fresh ice cream and sodas. 702 Macdonald Ave. tf

MACDONALD AT SIXTH

GENERAL MOVEMENT OF ARMY TOWARD MEXICO

Fighting in Vera Cruz Has Fnally Stopped—Mexicans Are Expecting Reinforcements From City of Mexico When Attack on U. S. Forces Will Be Made—Troops Now on Their Way to Back up the Navy—Charge O'Shaughnessy Departs for Vera Cruz on Special Train Escorted by Huerta's Chief of Staff—Mexican Representative in Washington is Given His Passports and Departs.

VERA CRUZ, April 24.—Eight hundred Americans were still in Mexico City today at the mercy of the dictator, General Huerta.

Anti-American demonstrations were going on continually.

Blind with anger, Huerta instructed the police and soldiers not to molest the mobs which rioted in front of the American club, tore the coat of arms from the door of the United States consulate and stoned and insulted Americans who were brave enough to appear in the streets.

The American Club has been abandoned. After its abandonment it was looted.

The American hotel is deserted.

Charge d'Affairs O'Shaughnessy, announced he was going to Vera Cruz but really it was his intention to go secretly to Manzanillo, on the West Coast.

Since Tuesday when Vera Cruz was taken, Americans in the capital have carried their lives in their hands.

As men worked tirelessly at the embassy, preparing rifles and machine guns, the brave women of the American colony encouraged them constantly. No one showed a sign of fear.

Mrs. O'Shaughnessy was ill from nervousness, but she served tea at the embassy to the men and women who were preparing to defend themselves against the expected attack of the infuriated Mexicans. Most of the time she was prostrate on a couch, but she showed the utmost bravery in the encouragement she gave to her husband and the others.

I arrived in Vera Cruz with 150 men, women and children from the American, German and English colonies in Mexico City. Another train was due to leave the capital at 7:00 this morning.

(Continued on Page 4)

AT WASHINGTON

Fifth Infantry Brigade, with several batteries of artillery, under command of Brigadier General Funston, ordered to sail from Galveston for Vera Cruz.

Eighth Infantry Brigade, under command of Brigadier General John J. Pershing, including troops from the Presidio, San Francisco, ordered to report to General Bliss on border.

Mexican Charge d'Affairs at Washington handed his passports by Secretary Bryan.

VERA CRUZ

Admirals Badger and Fletcher report continuance of desultory fighting at Vera Cruz and the death of three more sailors and the wounding of fifteen.

Mexican gunboats laden with Mexican soldiers held up by fleet at Vera Cruz.

Detachments of marines capture Mexican breastworks three miles outside city.

ON THE BORDER

General Villa, in interview at Juarez, declares he has no intention of allying his forces in war against United States.

Residents of El Paso in fear, owing to close proximity of large forces of Mexican soldiers.

SAN FRANCISCO

The entire Eighth Brigade under Brigadier General John J. Pershing ordered to the front, entrained early this morning.

Five companies of the Coast Artillery Corps left for Calexico during the afternoon.

The Cruiser Maryland left Mare Island and took on coal at California City, receiving orders to sail early this morning for Mazatlan.

SOLDIERS PASS THROUGH RICHMOND THIS MORNING

Three trains of United States soldiers passed through Richmond this morning on the Santa Fe en route to El Paso, Texas, at which point most of the regular army will be concentrated preparatory to an invasion of Mexico should hostilities break out between the United States and the Mexican rebels.

The troops that came over on the big Santa Fe ferry boat San Pablo this morning to entrain comprises the Sixteenth regiment of infantry.

Several troop trains also passed through this city this morning on the Southern Pacific, en route to Nogales, Arizona and part to El Paso, Texas. The troops comprise the Twelfth and Sixth regiments of infantry from the Presidio of San Francisco.

The departure of the troops is timed so that the equipment, men and mules shipped over the two routes will arrive at El Paso virtually simultaneously.

Brigadier-General John J. Pershing will command the first troops out. He is under orders to report to Major-General Tasker H. Bliss, in command of the Southern Department, with headquarters at Fort Sam Houston, El Paso, Texas.

The orders for one of the regiments probably the Twelfth, to detrain at Nogales, came late last night. This will necessitate splitting at Benson, Arizona, the supply and ammunition trains leaving here over the Southern Pacific. From Benson the troops ordered to Nogales will proceed over a Southern Pacific branch line connecting with the Sonora road, built by the Southern Pacific to Guaymas, and, within the past few years, extended under the management of Epes Randolph, to Mazatlan and beyond.

The move undoubtedly means a seizure of the Sonora road and the forming of a junction with marines to be landed on the western coast of Mazatlan. The army, it is believed, will be supported by a naval demonstration, which will be made at Guaymas, the first port town on the Sonora road.

The position of the army will place the rebel leader Carranza between two wings which will crush him by shutting off any hoped for supplies from the United States routes, from western coast routes, and from eastern coast routes. With the Navy bottling up all ports of entry, east and west, with the placing of troops at El Paso and of additional troops at Nogales, 200 miles away, and with the seizure of the Nogales bridge and the railroad to Guaymas and Mazatlan, the bandit chieftain will be cut off from ammunition supplies and the United States will be put in position to hurl regiment after regiment over the only rail route to the west of Carranza territory and turn his flank.

Sergeant Ruiz Gets His Picture Printed

This morning's San Francisco Chronicle prints on its front page a picture of General Pancho Villa, commander in chief of the constitutionalist army in Mexico. The picture, it is said, by those who know, is no other than that of Richmond's intrepid police sergeant, I. N. Ruiz, who is a terror to evil doers in this city, and he looks handsome astride a big black charger.

Sergeant Ruiz certainly has a double in the famous Mexican general and if the former dared to go to the land of snakes and cactus he would be saluted right and left by the admiring soldiers of the rebel army.

DAN BARTON HAS HIS EYES ON OLD MEXICO

Dan Barton, the well known real estate dealer has his eyes on Mexico now that the United States army is about to invade that country, and with the end in view has secured a Spanish dictionary and other books and is burning the midnight oil to acquire knowledge of the language spoken in our sister republic.

Mr. Barton is aware that Mexico, in point of resources, is one of the richest countries on earth and only needs the hand of intelligence to develop its vast wealth. He probably intends to secure an immense acreage after the present difficulties have been settled, although he is somewhat reticent about giving out any information on this point.

JORDAN WILL PLEAD GUILTY

MARTINEZ, April 24.—That Earnest Jordan who was brought here from Texas on a charge of forgery will plead guilty to the charge is the belief of Sheriff R. R. Veale. Jordan is anxious to have some disposition made of his case in order that he may begin serving his punishment.

Since being brought back here it was learned that Jordan is a parole breaker, having violated his parole with a 14-months' term in Folsom still hanging over him.

GUN CLUB WILL HOLD MEETING

The members of the Richmond Gun club will meet this evening in the offices of Chief of Police Arnold for the purpose of completing arrangements for the coming Martinez blue-rock shoot to be held in this city the latter part of this month.

Andy Stiefvater, of Modesto, a brother to Julius Stiefvater, returned home yesterday after a few days' visit here.

Mrs. H. Carroll, mother of the Rev. Hubert Carroll, of the Episcopal church of Ross Valley, is spending several days here as the guest of Mrs. Sharkopf.

PROMINENT MAN PASSES TO THE GREAT BEYOND

Rufus Chapman Swan, aged 83 years, who has been a resident of this city for the past six years, and who has been foremost in the ranks of those who have built Richmond, passed away last evening from the ravages of old age.

Besides a wife, a son, Chelsie R. Swan, engineer for the Santa Fe, are left to mourn him. The remains will lie in state at the family residence, 158 Fifth street, until next Friday afternoon, when they will be removed to the mortuary parlors of the Clark undertaking company.

The funeral services will be held this evening at 7 o'clock in the Clark chapel. Rev. Aubrey Wilson will recite the prayers. The remains will be shipped to Calistoga for burial.

Rufus Chapman Swan was born in Alpine, N. Y., October 22, 1829. He was the eldest of seven children. He leaves behind to mourn his loss, a widow, Anna R. Swan; a son, Chelsie H. Swan; an adopted daughter, Mrs. L. N. Berry of Santa Cruz; a brother, Charles C. Swan of Elmira, N. Y., and a sister, Mrs. Henrietta Bishop of Alpine, N. Y.

Rufus C. Swan came to California and took up his residence in San Jose in 1874. In 1876 he went east to attend the Centennial and it was upon his return that he was married to Anna R. Lincoln, eldest daughter of H. H. Lincoln of Calistoga. Rufus Swan was an active member in church work since a boy of 17. He belonged to several fraternal orders. His sterling qualities had won for him the respect and esteem of the entire community of Richmond, where he has resided for the past six years.

MEXICANS IN NEAR RIOT AN UNFOUNDED RUMOR

Considerable consternation was caused at the Mexican camp in the Santa Fe yards last evening when several of the peons were informed that bodily harm would be done to them by several agitators in this city.

The unfounded report caused considerable stir at the camp.

Chief of Police Arnold stated to a Record-Herald reporter that mention of the affair had been made to his department.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

EDITORIAL VISIT TO CROCKETT

In the interest of the permanent exhibit he is putting up at San Francisco this scribe visited Crockett Tuesday and put in the day interviewing the leading men there, getting acquainted with the town and studying conditions. This exhibit we are establishing for the years 1914 and 1915 in San Francisco is to show to the millions of visitors who will come to the metropolis during that period as much as possible of the industries and products of Contra Costa county and every town and locality in the county.

We are agreeably surprised to find that Crockett is a much more important manufacturing point that we knew of, and that it has a payroll of $900,000 a month from manufacturing industries in and near the town. Chief of these is the California-Hawaii Sugar Refining Company's immense plant, located right in Crockett along the waterfront. The freight in and out of Crockett because of the shipments of this immense manufacturing concern amounts to the stupendous amount of 400,000 tons a year. That is sure some freight, and speaks out very loud in favor of that town and community as a shipping port. That one fact alone would be worth hundreds of thousands of dollars to Crockett if it was properly made known to the outside world, for it would make people sit up and take notice and make inquiries as to what it was all about, and the moment they began to make inquiries they would begin to get interested, and this in turn would be followed by large investments, for in manufacturing, as in most everything else, one thing follows another. Hardly a day goes by but what big ocean-going ships from the Orient put in or leave the docks at Crockett.

We had the pleasure of making the acquaintance of Mr. George Rolph, the general manager of this big sugar refinery, who is a brother to Mayor Rolph, of San Francisco, and, like the Mayor, a mighty fine man and well beloved by all the people of his community. We found him genial, pleasant and accommodating, as well as intensely public-spirited, and he at once took hold of the permanent exhibit idea we advanced to him, and will get up a fine display for the great refinery, showing its various products, with appropriate signs as to output, etc., and a large framed picture of the works and its location on the Crockett waterfront. Mr. Rolph takes great pride in the refinery and in the good work it is doing for Crockett, not only as to the big payroll but in a social and civic manner, and in this latter way the company has certainly set an example which other manufacturing establishments would do well to emulate, but which very few do, more is the pity. Mr. Rolph has clearly demonstrated that it is not necessary for a corporation to be soulless, even though such it be in a legal sense. His company has established social clubs for its employes, parks and pleasant places, and is no wbuilding an addition to the park there for a children's playgrounds. The employes of the refinery all donate a certain amount of work on these playgrounds, and every man from the highest to the lowest is putting in that work actually. It is an interesting and pleasing sight to see the office clerks, for instance, don overalls and grab picks and shovels and work like section hands, all for the benefit of the little children of Crockett, who are thus to be given one of the finest public playgrounds in the state. It is certainly an honor to the California-Hawaii company, its manager, Mr. Rolph, and the men in general, as well as the citizens of Crockett who are helping, that they will thus go to the trouble, labor and expense for the benefit and pleasure of the little kiddies. They certainly have good and big hearts in them. Among other good things, Crockett has a Y. M. C. A. association of 500 members. Another good thing we learned about the sugar company was that all the immense amount of job printing they have done is done right at the printing office in Crockett, by Mr. Laidlaw, publisher of the Signal. We do not know of another big manufacturing institution anywhere who gives its printing contracts to its home printing plants, though Lord knows why, as the work could be done by the home offices as a general rule just as cheap and just as good as in San Francisco, where 99 per cent of it is done, amounting to hundreds of thousands of dollars every year.

We took dinner with Pat Lucy, one of the big toads in the Crockett puddle, because Pat is an old friend and a good Democrat. You'd think from the name of him that he was Irish, and it would be a good guess. He's as fine a representative of the old sod as ever peeled a biled potato with his thumb nail, and he's full of good humor, good sense and a big heart.

Ben Stephens is now editing the Signal, and has greatly improved it. If the people of Crockett will give him encouragement he will get out a local newspaper for them that will be a credit to the town and do a whole lot of good in boosting the whole community.

A meeting of the business men is to be held next Tuesday, to take up the permanent exhibit question and we are going to attend and tell them all about it, and advise them to wake up and get into this big boost game that all of us are being drawn into because of the coming of several millions of new people to our state.

It's pretty hard to not have wealth,
As lucky people do,
And also realize that you
Are far from pretty, too.

Huerta has announced that he will die fighting. If he does it will be fighting booze.

A dispatch tells of a Chicago dog that chews tobacco. Probably it is a Spitz.

Our idea of a busybody is a person who convinces us that we are mistaken about something.

War always makes times good and puts money into circulation, so there will be that much of a gain, anyhow.

An editor is a genius who will always support his town and its best interests, whether he can support himself or not.

Senor Carranza intimates that he is perfectly willing for anything to happen in Mexico, just so none of it happens north of Torreon.

Somebody had to apply the strong hand in Mexico before order could ever again come out of the chaos existing there, and that somebody had to be Uncle Sam.

One instance of where the sailors were like the sailor's parrot was when Secretary Daniels recently abolished the grog. Didn't say anything, but kept up a devil of a thinking.

They say Joe Tracy of the Pittsburg Post is a fugitive from the wrath of a lovely lady up that way. He wrote a verse of poetry about her as an "Iris-eyed soul-charmer," and the printer set it up "Irish-eyed snake-charmer."

"Beware of entrance to a quarrel, but being in bear it so that the oppressor will beware of thee," wrote one W. Shakespeare quite a while ago. Evidently W. Wilson believed the same when he told the fleet of battlships to move.

If General Coxey and his army of unemployed choose carefully their route from New York to Washington they can avoid that other army of grangers who want to employ farm hands. They can make nearly all the distance by water.

A Kansas City paper remarks that the Bull Moose candidate for mayor of that city ran like a congealed fishworm. That party is dead now most everywhere except in California, where anything can grow and flourish if exposed to this soil and climate.

With the biggest crops in history now practically in sight, the California farmers are going to have money to burn this summer and fall. And with the world's fair coming close on the heels of the harvest the prices for the products are going to be good. And that will make times good for everybody else, for when the old farmer don't get his all the rest of us are bound to feel it.

POLITICAL Announcements

To the Voters of the First Supervisorial District, Contra Costa County, California.

I hereby announce myself a candidate for the office of Supervisor to represent the people of the above district on the board of supervisors of Contra Costa county.

Primary election, Aug. 25, 1914. General election, Nov. 3, 1914.

As under the existing law the election for County Officers is non-partisan, I propose to base my candidacy upon a determination to act as an official in a non-partisan manner and not to be swayed in my official conduct by political or other influences.

Very respectfully,
WM. F. HUBER.
Party Affiliation: Republican.

TO THE VOTERS OF CONTRA COSTA COUNTY:

I hereby announce myself a candidate for JUDGE OF THE SUPERIOR COURT of Contra Costa County. Primary election AUG. 25, 1914. General election NOV. 3, 1914.

Under the present law all county officials are elected by a non-partisan vote. If elected I shall stand for a fair and impartial trial of all cases with the least delay possible.

C. A. CLARK.

TO THE VOTERS OF CONTRA COSTA COUNTY:

At the request of his friends ZEB KNOTT announces himself as a candidate for

SUPERVISOR

of District No. 1. Primary election, August 25, 1914. General election, November 3, 1914.

Under the present law all county officials are elected by a non-partisan vote.

ZEB KNOTT

ASSESSOR'S NOTICE

1914.

NOTICE TO TAXPAYERS.

All persons, firms, companies, corporations and associations are required to deliver at the Assessor's office, Martinez, immediately, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession, or held in trust for them, at 12 o'clock meridian, on

First Monday of March, 1914

in accordance with the new constitution. Refusal or neglect to make such sworn statement of all property owned or held in trust, will subject the person so refusing or neglecting to make such sworn statement to the full penalty of the law.

All property owners should see that their property is correctly described on the assessment roll.

Immediate attention is necessary, as work on the roll has already been commenced. Proper blanks may be had at the Assessor's office or of his deputies.

All statements must be in the Assessor's office on or before the 1st day of May, 1914.

The STATE POLL TAX of Two Dollars and ROAD POLL TAX of Two Dollars each are now due and payable at this office, or to a Deputy Assessor.

STATE POLL TAX and ROAD POLL TAX are due and payable on demand.

G. O. MEESE,
County Assessor.

DRUIDS ELECT NEW OFFICERS

A large number of the Druid state officers were in attendance at the annual election of officers held by Richmond Grove of Druids in their hall on Standard avenue last evening.

Following the election of officers a monster banquet was served. The officers elected were Charles Cridoni, noble arch Joe Feldano, vice arch; John Hansen, secretary; Ben Brignone, treasurer; Henry Springer, conductor and F. I. Brasil, inside [illegible]

Best brand of Cigars—Standard Billiard Parlor, 102 Macdonald ave.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, and lame back misery so promptly!

COME LEARN ABOUT FARMING AT UNIVERSITY

"A Summer School of Farming"—that's what the new departure planned as an important part of the next summer session of the University of California, at Berkeley from June 22 to August 1. Farmers, present and prospective, agricultural teachers, horticultural inspectors, university students of agriculture—for all these are the courses planned.

Do you own a fruit orchard and want weapons for fighting your insect pests? Then Professor Woodworth's course in "Economic Entomology" will give arms against the winged and crawling enemies, and Professor Lipman's course on "Soils and Fertilizers" will show how to maintain the fertility of soil, and inculcate good principles for tillage and for the proper supply of air, water, heat and food for the plant.

Do you want to leave the city and go to raising fruit? Then Mr. Taylor's course in "Horticulture" will show what the common nursery operations are, and tell about civilization, irrigation, pruning, spraying and rejuvenating of run-down orchards, the selection of a location, and the special practices for particular fruits.

Or if it's chickens you want to raise, then Professor Dougherty's course on "Poultry Husbandry" will tell of how to feed chickens or laying hens; of the selection, laying out, and equipping of a poultry farm or of incubating and brooding, of the principles of breeding, for layers or for meat fowls; of caponizing, of killing and picking, of poultry diseases and parasites, and of the general care and management of a poultry ranch. Poultry plants and markets will be visited, and the methods of successful farmers observed.

Or one may learn something about what kind of a horse not to buy, and the outward sign that hold out hope that a cow will be a good milker and the mother of good milkers; and meat animals will be studied, alive and on the butcher's block—all this with Professor True.

How to run a first-class dairy or creamery, clean, sanitary, and profitable, may be studied with Professor Davis; and how to grow wheat, oats, rice, etc., with Mr. Hendry; and the diseases of California crops with Professor Smith and Professor Horne, and preventive medicines and curative surgery for farm animals with Professors Haring, Roadhouse, and Mitchell, and plant propagation and landscape gardening for school or home or town with Professor Gregg and Professor Stevens, and agriculture for the schools, lower or high, with Professor Kern and Professor Hummel.

That agriculture ought to be taught in the schools has long been actively urged by the University, and with great effect, for today sixty-one California high schools have agricultural courses and five years ago only Oxnard and Imperial county. The elements of agriculture are taught now in some seven hundred California grammar schools. But the supply of competent teachers of agriculture is only a small fraction of the demand. These summer session courses at the university will give opportunity to the teachers of agricultural subjects to increase their knowledge.

Horticultural inspectors are another group who will profit by thoese summer agricultural courses, through the opportunity of doing advanced work in entomology, plant pathology and horticulture.

A group of clubwomen are to come to Berkeley for the fifth week of the summer session for the lectrues and inspection tours in the Veterinary Science course concerning inspection of dairies and markets, meat and milk, in order that they may better help their respective communities in regulation and pure food work.

Short courses in agriculture such as these are given by the university of California every fall at the university farm at Davis. But these summer agricultural courses at Berkeley have many novel aspects. Not only can sound practical farming information be had in a wide variety of actual problems, but also teachers of agriculture, school officials, and people interested in country life advancement can get much suggestion and inspiration. And moreover, since attendance on these summer courses in agriculture throws open all the other summer session opportunities, the farmer or teacher or country clergyman or horticultural commissioner who comes to Berkeley for a summer vacation and spends most of each day studying about soil improvement, seed selection, and diseases of the plants and animals, can nevertheless put in his odd hours reading among the 300,000 volumes in the university library, hearing a concert in the Greek theatre, swimming in the gerat open-air swimming pool, having a lesson in Spanish or cookery, economics, commercial law, or the history of art, or hearing some lectures on "Corporation Problems" by Professor John H. Gray of the University of Minnesota or on literature by Professod Irving Babbitt of Harvard or on "Heredity and Social Hygiene" by Professor Vernon L. Kellogg of Stanford and Dr. William F. Snow of New York, Secretary of the American Social Hygiene Society, or on "The Spirit of the Community" by Professor Josiah Boyce of Harvard, one of the most distinguished of American philosophers, who is coming back to his Alma Mater to give six summer lectures in this most modern of university atmospheres, where men and women have discovered that study of plant propagation or hog cholera prevention goes along perfectly well with study of English poetry or contemporary philosophy.

A. O. U. W. HALL TO BE REMODELED

Plans are being formulated by Pulse Brothers and Attorney T. D. Johnston, representing Point Richmond Aerie of Eagles to remodel A. O. U. W. hall. If the deal matures a long lease will be taken on the lodge rooms by the Eagles through their representative Attorney T. D. Johnston.

It is planned to remodel the exterior of the building, giving it a plaster mission finish.

BAND WILL GIVE CONCERT ON SUNDAY

The Richmond band boys have made final arrangements for their concert next Sunday afternoon at the corner of Tenth street and Nevin avenue. The program was announced last evening as follows:

The concert will take place between the hours of 2 and 4 o'clock.

March, "Cloth" (Lassy).
Overture, "Orpheus" (Offenbach).
Waltz, "Edinburgh" (Bonnisseau).
Cornet Solo, "The Holy City" (Adams), by Willard Pogue.
"Tackle Toes" (Penn).
"Smoke Smoke" (Rombley).
Selection, "Sunny South" (Lampe).
"Apple Blossoms," a tone poem (Roberts).
Selection, "Chimes of Normandy" (Planquette).
March, "King Cotton" (Souza).
War Developments.....

JAMES TOWERS BADLY BURNED

James Towers, the well known employe of the Santa Fe, residing at 428 Bissell avenue, was severely burned at a late hour yesterday afternoon whas a gasoline tank on a steam shovel exploded, throwing its fiery contents in all directions.

Towers was rushed to the Abbott emergency hospital where his injuries were treated.

YOUNG ENGINEER CLAIMS A BRIDE

Leslie Hill, residing at 19 Second street, and a student in the Oakland school of engineering, claimed Miss Ollie Morland, of Oakland, at a simple marriage ceremony performed at San Rafael. The young groom when approached by newspaper men at first declined to tell of the affair but finally unfolded all the details leading up to the marriage.

BEST DRESSED MEN IN OUR CITY

It is a known fact among visitors and critics that the men at Oakland dress in the best of style and taste. They may wonder, but we know the secret. CHERRY'S wonderful success has been achieved by selling durable and stylish clothes on credit. Real Oakland men are getting acquainted with this fact with surprising alacrity. CHERRY'S sell the best of clothing, which can be paid for in small installments.

CHERRYS are conveniently located between Washington and Clay Sts, in 13th and 528 13th, is their beautifully equipped men's store, while just across at 515 is the exclusive ladies' store. The San Francisco stores are at 1009 Market and 1400 Mission streets, and handle both ladies' and men's wearables. Los Angeles address is 636 So. Broadway. Advt.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally so evenly. Preparing this mixture, though, at home is musy and troublesome. For 50 cents you can buy at any drug store the ready-to-use toilet called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Advt.

Party leaving city will store best make of upright player piano with responsible party who will purchase later. Address, piano, care Record-Herald Co.

Remarkable Values in Women's Silk and Wool Coats

FOR SPRING AND SUMMER

Some new arrivals added to our already "versatile showing" makes ours a most satisfactory collection from which to choose your coat.

Every material and color favored by the season is here in silk, wool and smart mixtures. Lengths just below the hips or three-quarter. Some newcomers that arrived yesterday have the new flare bottom.

Coats at $10.00 and $12.50

Loose, easy-fitting Coats of fancy mixed cloths, light stripes, navy basket weaves and black-and-white checks. Balmacaan models and the new flare bottom styles.

Coats at $16.75 and $19.75

These include all the fashionable Coatings, including cheviots, diagonal serge, wool ratines, gabardines, mixed tweeds and fancy cloakings. Some are half lined; others are lined throughout. Some have silk collars and revers, while others are plain. Colors are black, blue, checks, stripes, gray and tan mixtures, brown, green, red and other light and dark shades. Some pretty new white coats among them.

Handsome Silk Coats $14.75-$65

Developed in taffeta, moire and faille silk, in both skirted and ruffled flounce effects. Some have ruffles and ruching at the neck, others are silk and lace trimmed. Many are brightened with gay colored lining. Very fashionable Coats at marvelously easy prices considering their worth.

GENERAL MOVEMENT OF ARMY TO MEXICO

(Continued from Page 1)

Those remaining there are dependent on Sir Lionel Carden, the British minister, now under orders transferring him to Rio de Janeiro. He is doing everything possible to protect Americans and his plan when our party left was to distribute them among the various embassies.

Wednesday evening, the sixty Americans who arrived today, left Mexico City on what really was the British refugee train. The men, women and children left behind were then hiding in their homes, trusting to Carden to protect them. Tuesday night, every man in the American colony, including the correspondents, went to the embassy and prepared 275 rifles and two machine guns. These were brought from the basement, tested and found ready for use.

Every interview with Charge d'-Affaire O'Shaughnessy increased the dictator's blind rage. When I last saw O'Shaughnessy he was unspeakably worried.

The last report we had before leaving was that Huerta planned to strip the embassy of guns in retaliation for the loss of Vera Cruz. He had already seized the railroads and telegraph and refused to allow O'-Shaughnessy, Captain Burnsides, the embassy's military attache, or Consul-General Shanklin to send out messages.

"All I want," O'Shaughnessy said the last time I saw him, "is to get the embassy out of here."

Members of the House of Deputies led the mob which rioted in front of the American Club after the news of Vera Cruz's capture was received. The news of the landing of the marines reached the people through an extra edition of the newspapers. The Dictator seemed to be doing everything possible to inflame the crowds and he succeeded.

They stormed through the streets driving Americans before them and swept towards the embassy. O'-Shaughnessy had had no word from Washington concerning the action that had been taken, as all messages to him had been withheld. At Sir Lionel Carden's residence a guard of forty policemen was placed over the embassy, but throughout Tuesday and Wednesday night it was surrounded by hooting, jeering mobs. Huerta's action in permitting the mobs to vent their anger was obviously an effort to gain sympathy. If he finds that followers of Carranza and Zapata are anti-American in their views he may even permit violence in an attempt to consolidate the country's divided factions. On the way to Vera Cruz our train encountered the Federal army which fled from here.

BULLETINS

WASHINGTON, April 24.—Fighting in the city of Vera Cruz finally has stopped. Rear-Admiral Fletcher by wireless under date of nine o'clock last night reported that desultory firing, that has continued since the American forces landed Tuesday, had been silenced by a house-to-house search and disarming of all inhabitants.

GOVERNMENT WILL AID STATE IN CONTROLLING THE RIVER

WASHINGTON, D. C. April 24.—Through an error in proofreading in a recent interview with Hon. Wm. E. Humphrey of Washington state, he was made to say in relation to flood control on the Sacramento and San Joaquin river systems in California that, "the state would pay about one-fifth of the cost when the undertaking is finished," when as a matter of fact, the state and private parties will pay about four-fifths of the cost, and the United States, through appropriations in river and harbor bills, will pay about one-fifth of the total cost which is estimated at $33,000,000, or, to be exact, the general government will be expected to pay $5,858,504.

For many years the Sacramento and San Joaquin valleys have been at the mercy of floods and millions of dollars in property have been destroyed and many lives lost by reason of high water, which, sweeping over these valleys, has left death and destruction in its wake. To keep the Sacramento and San Joaquin rivers within their banks and improve the navigation of these streams, it is proposed that the United States begin at once the work "for the control of floods, the removal of debris, the rectification and the enlargement of river channels and the construction of weirs," in which project the state of California agrees to pay the same amount as the general government. With the improved navigability of the Sacramento and its tributaries there is connected a reclamation enterprise of vast extent which the land owners of the Sacramento and the San Joaquin valleys will take care of by the erection of levees along the entire length of the two rivers, with by-passes to carry off the excess water into Suisun bay.

These two valleys, considered as one, comprise an extent of territory almost identical with the valley of the Po, the soil being as rich as that in the valley of the Nile. It is estimated that it can produce food stuffs to feed 20,000,000 people. With the completion of the Panama canal it is stated that many of the products of this rich area will be shipped to every section of the country particularly along the Atlantic seaboard.

EL PASO, (Tex.), April 24.—As a precaution against disorders, all traffic into Juarez was stopped by rebel authorities tonight. Even the street cars were prohibited from crossing. The town was very quiet.

GALVESTON, April 24:—The troops started boarding the transports at daybreak. The first of the transports is expected to get away by sunset today.

WASHINGTON, April 24.—Nelson O'Shaughnessy, the American Charge left Mexico City for Vera Cruz last night on a special train escorted by General Huerta's chief of staff.

WASHINGTON, April 24.—Algara R. de Terres, Charge of the Mexican Embassy, who was handed his passports by Secretary Bryan yesterday, left at 12:10 last night for Toronto, Canada, accompanied by Chief Flynn of the United States secret service.

WASHINGTON, April 24.—United States troops moved last night to reinforce the American navy at Vera Cruz; the embargo on arms into Mexico formally was restored and troops were ordered to the Mexican border primarily to relieve uneasiness among border residents, but also as a precaution against hostile military operations along the international line.

BRIGADE IS ORDERED TO VERA CRUZ

Secretary Garrison announced that a brigade of infantry and some artillery under Brigadier-General Frederick Funston had been ordered to embark on the four army transports at Galveston for Vera Cruz to support the expeditionary forces of marines and bluejackets there.

The chance that General Maas, the Federal General, might make a return attack on Vera Cruz, with reinforcements and the possible necessity of a foreward movement toward Mexico City to protect fleeing Americans and the Vera Cruz railroad were the underlying reasons for the military movement.

The restoration of the embargo on arms was officially announced after the pronouncement of General Carranza, the Constitutionalist chief, that he regarded the seizure of Vera Cruz as a violation of Mexican sovereignty had been considered by the administration.

NOTICE!

To the Electors of the Richmond Municipal Water District:

The Board of Directors of the Richmond Municipal Water District desire to call attention to the fact that in order to counteract the erroneous impression prevailing in some quarters that the waters of the Sacramento River are unfit for domestic use, we have installed at No. 322 6th Street, north of the Post Office, a demonstration filter, where water brought from the Sacramento River at the proposed intake point, is sterilized and filtered by the most modern and approved methods, such as are proposed to be used for the Richmond District.

We believe that every thinking citizen of the District realizes that Richmond's greatest need at this time is an abundant supply of pure, soft water at reasonable prices.

We invite every one interested in this vital matter to visit the demonstration filter, examine and have explained to you the filtering and sterilization process by Professor Griswold, chief assistant of Professor Chas. Hyde, Consulting Engineer and water expert for the State Board of Health, who is in charge, drink the water fresh from the filter and carry home samples with you for the purpose of testing its purity and softness.

Statements that the waters of the Sacramento River cannot be treated and filtered so as to eliminate impurities and disease germs, are the declarations of the uninformed, or those who would wilfully mislead. The world's highest authorities on the subject of water supply for urban communities are unanimous in their endorsement of filtered water for cities.

Lay aside your prejudice, if you have any, and come and be convinced that Richmond has in the Sacramento River the best and cheapest solution of her water problem.

BOARD OF DIRECTORS OF THE RICHMOND MUNICIPAL WATER DISTRICT.
By LEVI BOSWELL, President.
Apr 24 1t

WATER EXPERTS ARE APPOINTED

At the meeting of the directors of the Municipal Water directors last evening two water experts were appointed to educate the people on the water bond election which is to take place next month.

The two experts appointed were Professor Hyde of the University of California and City Water Expert H. Lichstadt of Berkeley. Any data pertaining to the filtration of the Sacramento river water will be gladly given by the two water experts.

BIG ENTERTAINMENT TOMORROW EVENING

That the entertainment to be given by the teaching staff of St. Mark's church on Saturday night at Maple hall is to be one of the best ever presented the people of Richmond, is certainly from the fact that the talent they have secured is beyond comparison. Miss Agnes Marie Nooman, dialect artist, Mrs. Kitty Burgart, comedienne, Val Flemings, songs, and George D. Murphy, monologist, are among the evening's entertainment. These alone should be inducement enough to draw a record-breaking crowd.

Mattern's band is to furnish the music for the dance after the programme, and everybody knows what excellent music they render, also that Maple hall has the best dance floor in town. Then there is a prize waltz which will be called promptly at eleven o'clock. It will be well worth seeing as some of Richmond's best dancers are to compete.

The programme is to start promptly at 8:30 o'clock, not a minute later, so as to give plenty of time to the swing of the enthralling music. The whole evening is to be one round of laughter and enjoyment.

Stopping a want ad in the Record-Herald, to save money, is like stopping a clock to save time.

Extra heavy full bleached, round thread sheets; ideal for rooming houses and hotels. Special, each 69c

BASE BALL CHAT AND DOPE

MARTINEZ RAMBLING

Little wonder that Martinez is winning. Look at this: The entire team is hitting for an average of only 394, while one of the men is lacing the horsehide at a 642 gait. This same player also has the proud fielding average of just 1000. With Wilcox hurling airtight ball and the team behind him punching the pellet like the mischief, Manager McNamara is sleeping soundly every night, thank you.

STARASINICH CHANGES

"Pink" Starasinich formerly of the Ambrose Tailors has been switched to the Healdsburg team where in the game last Sunday with the Petalumas he loomed up like a blue ribboner in that he sent twelve of the chicken town players to the bench via the strike-out route and allowed but three scattered hits.

WHO????

Now that hizzoner Mayor O. R. Ludewig has consented to toss the first sphere across the plate the question arises amongst local fans, who will be behind the rubber to receive it. Of course many names have been suggested in a joking attitude but coming down to brass tacks now that the stunt has been agitated, let's chose someone to nail the horsehide when it flashes to the home station.

A man to be chosen for this position must be fearless as he is taking his life in his hands, he must have grit for he knows not what his nibs the mayor might unfold, and last but not least, he must be able to catch a ball, for if he should allow the pellet to slip through his fingers all would be chaos. Therefore after giving the list of eligibles, the ups and downs we come to the conclusion that for such a position where responsibility sticks out from all corners the name of Gus Lang, the local will dispenser, should be attached.

Gus has dabbled in baseball since the time of the Pharoahs and even at the present time still retains enough of that diamond pep to once again grasp the elusive sphere before he begins his interview with Father Time.

THIS SPACE RESERVED FOR TOM SEATON

Arthur Ramage, who has been working out behind the plate for Colusa is looming up like a leaguer according to a clipping in the Baseball World. Ramage formerly made his home in this city being employed in the drafting department at the Standard Oil refinery.

FRUITVALE IN ACTION

The fast aggregations of the semi-pro ball players who are to represent Fruitvale this year on the diamond will trot out from the club house tomorrow afternoon for their first game of the season with the Darney Frankels. The Fruitvale team will line up as follows:

Roe, second base; C. Dickson, third base; Strawbridge, first base; Reid, shortstop; Keene, pitcher; Eaker, catcher; Curran, Davis, Burrell, M. Dickson, outfielders.

KIEFER MAY GO

"Sarah" Kiefer who has grabbed the hot one at short for the Richmond team for the past two seasons is considering a good offer to sign his name to a Benicia contract which will mean that although gone from this city he will not be forgotten as he will still be in the Bay Counties League.

NEY, NAY, SAYS INGRAM

Local fans are loud in their praise for "Swat" Ingram who a few days ago refused a flattering offer made him by the San Rafael management to cover the initial bag for them. Ingram will stick to Richmond.

"Pickles" Heinze of the Colegrove team is lacing the horsehide these days as is shown by his following record when out of three times at the bat Sunday against the fast Boyle Heights club he stung the pellet for a triple, a two bagger and a single. "Pickles" at one time worked out here with the Richmond Merchants.

INQUEST HELD OVER DROWNED BOY TODAY

The inquest to inquire into the cause of the death of Guiseppe Raffeiuchi, who was drowned on the night of April 10th, a few miles below Collinsville, when the fishing smack in which he was fishing was struck by the Steamer Pride, of the River was conducted at the Smallwood undertaking parlors this afternoon.

The chief question that arose during the inquest was the matter of displaying warning lights at the proper time. Up to a late hour no verdict had been rendered by the coroner's jury.

BEAUTIFUL STAGE SETTINGS FOR "HIAWATHA" PLAYLET

The students of the Washington grammar school are rapidly preparing for their Longfellow opera "Hiawatha," which they are to stage in the reception room of the school on the evening of May 1st. The choruses and dancers are being coached by Mrs. Robinson while the acting parts are under the direction of Miss Idele Whitehead and Mrs. Emily Axtell.

The costumes for the playlet are being made by the girls' sewing class of the high school while the scenery is being constructed by the manual training class of the Washington school.

Following is the cast of characters for the play:

Hiawatha, the babe...Argyle Adams
Hiawatha.....Roy Adams
Nokomis.....Muriel Fitzpatrick
Arrow Maker....Franklin Brooks
Minnehaha.....Claire Adair
Pan-Puk-Kews.....Everett Aine
Chibiabos.....Stanley Lindahl
Iagoo.....Franklin Brooks
Mondamin.....Joe Mitchell
Priest.....Elwood Luce
Braves and Squaws

TAKE POINTERS FROM HEARST

That the Mexican editors in the City of Mexico have been taking pointers from Hearst is evidenced from the following press dispatch which appeared in a morning paper today:

MEXICO CITY, April 24.—The newspapers probably acting under the directions of General Huerta, issued many extra editions in which they printed dispatches stating that El Paso, Laredo, Nogales and other places had been taken by the Mexicans. Other dispatches announced that the federal troops had gained a great victory at Vera Cruz, that they expected to surround and drive the American invaders into the sea.

The papers also declared that the battleship Louisiana had been sunk by a Mexican torpedo.

Another dispatch from the south said Emilio Zapata, the southern rebel, was coming to join forces with Huerta.

PATRIOTIC SONGS

SONG BOOK COUPON

PRESENTED BY THE
RECORD-HERALD—APRIL 24
AS EXPLAINED BELOW
SEVEN SONG BOOKS IN ONE
COLLEGE SONGS · OPERATIC SONGS

SONGS OF A NATION

SIX OF THESE COUPONS

Entitle the bearer to a choice of either of the beautiful song books described below

when accompanied by the coupon printed on opposite the style selected, which covers the items of the cost of packing, express from the factory, checking, clerk hire, and other necessary expense items.

"SONGS THAT NEVER GROW OLD"—ILLUSTRATED

A grand collection of all the old favorite songs compiled and selected with the utmost care by the most competent authorities, illustrated with a rare galaxy of 60 wonderful portraits of the world's greatest vocal artists.

Size for the beautiful heavy English cloth binding; paper binding, 40 cents.

We strongly recommend the heavy cloth binding, as it is a book that will last forever.

MAIL ORDERS—Either book by parcel post, include EXTRA 7 cents within 150 miles; 10 cents 150 to 300 miles; for greater distances see postmaster; amount to include for 3 lbs.

VOLUNTEERS ORGANIZING AT MARTINEZ

MARTINEZ, April 24.—The first steps looking to the organization in Martinez of a volunteer militia company were taken on Thursday when George S. McCue and a number of other local Spanish War Veterans conferred and sent a communication to Adjutant General Forbes with a request for instructions as to how to proceed to organize a company in this city and possibly a batalion in Contra Costa county.

Since the precipitation of actual hostilities in Mexico those who in times past have known the smell of powder and the crash of heavy guns have been longing to get into the fray and the services of a local company for Mexican service will probably be offered within a short time. The chief of Militia Affairs in Washington has also been communicated with for instructions.

DIFFICULTY TO SUPPLY DEMAND

COUPON CLIPPERS ANXIOUS TO GET SONG BOOKS AND MANY ORDERS COMING BY MAIL

The Record-Herald has been busier than usual during the past few days opening orders for the song book. Readers are anxious to get this collection of old favorites, and out-of-town readers, as well as those who cannot conveniently call, are sending in their coupons by mail.

The Record-Herald song book is called "Songs That Never Grow Old," and it contains all of the old songs, the songs that recall happy days of long ago. Here they are, all together, all in one handsome volume.

There are two different styles of binding to select from, one bound in heavy cloth that will last forever, and the other in paper covers, which will be found substantial enough for all practical purposes. Take your choice. Both volumes contain a rare collection of portraits consisting of reproductions from photographs of all the great vocal artists of the day, some of them portrayed in costume. These illustrations alone are worth more than the small sum asked for the book.

Clip your coupon today and lose no time in coming into possession of this wonderful collection.

E. HYATT ISSUES INTERESTING BOOK

"Conservation of Resources in California" just issued from the state printing office strikes the newer note in the conservation movement by pointing out not only abuses and wastes, but more particularly wise and constructive development and use of our natural resources. It looks to the use of our mines, the care of our petroleum, the replanting of our forests, the cutting of our ripe timber, the prevention of our fires. Superintendent Hyatt urgently asks every teacher of the state to use it in the following words on the title page:

"A personal appeal is made to the California school teacher, to take this little manual and use it to the future good of the state you serve. Read it, surely something in its varied music will strike a responsive chord in you that will vibrate long enough to affect in turn some of the young people with whom you labor, the young people who will soon be the old people, the young people who soon will have the destiny of the Golden State in their hands to do with as they may.

"Read it. Try to find at least one idea that is worth passing on. Then, pass it on.

"And may the future rise up and call you blessed. May it enshrine you in the memory as one who would gladly learn and gladly teach."

British Buy Union Oil Plant at Oleum

OLEUM, April 24.—The big plant here and the $50,000,000 of assets in oil fields and other holdings of the Union Oil company, pass under the control of the British financiers who have been negotiating for the purchase of the corporation property.

Advices were received at the offices here this morning from Lyman Stewart, president of the Union Oil company of California, officially announcing this morning in Los Angeles the consummation of the deal whereby control of his company passes first to the Western Ocean Syndicate and later to a holding company to be called the British Union Oil company, Limited. The final agreement between the Union Oil company, Stewart and the members of the Western Ocean Syndicate was signed in Los Angeles Tuesday.

The syndicate has made a cash payment of $2,500,000 on the treasury stock purchased.

This deal places the Western Ocean Syndicate in control of nearly one-third of the petroleum production of California and fully one half the proven acreage. With the area, output and facilities controlled through the purchase of Union Oil and General Petroleum, the syndicate is in process of constructing a formidable rival to the Standard Oil company. In addition, the companies will have ample funds for development, as they never had before.

No intimation has been given as to the size of the British holding company, but the authorization for preference shares must be at least $50,000,000 to swing the deal. This would contemplate the exchange of all the stock.

The Western Ocean Syndicate includes many names that have never been disclosed. Besides those associated with the East Asiatic company, Harland & Wolff and the Cunard Line, it is said that steamship men, representing with those mentioned 75 per cent of the tonnage of Great Britain, are behind the plans.

It also has been reported that the syndicate had the countenance of the British government which is seeking a source of fuel oil for the navy. Many of the oils that Great Britain could depend upon for a constant supply are not suitable for fuel, while many of the fuel oils could not be depended upon for a constant supply. It is said that, physical and political exigencies both considered, there is no place in the world where England would rather pin its faith for a constant supply of fuel oil than in this state.

Among those acting for the General Petroleum company, which held an option on Stewart's stock, were E. J. De Sabla, Jr., Captain John Barneson, also a director of Union Oil; Judge Charles Slack, Victor Etienne, Jr., and A. L. Well. Stewart's interests were looked after by John Garriques, treasurer of the Union Oil company, who conducted the negotiations in Stewart's behalf. The Western Ocean Syndicate was represented by Andrew Weir, R. Tilden Smith, J. C. Currie and J. B. Binnock, solicitor for the English interests.

"PAPS" TENDER MEMBER SURPRISE

Frank Bosworth, past dictator of the local lodge of Moose, was tendered a pleasant surprise party at his home at 845 Eighth street last evening. The guests spent the evening in whist following which refreshments were served.

Those present were Mr. and Mrs. Frank Bosworth, and the following friends, Chas. C. Yonce, H. O. Watson, Dr. Fraser, Ed. Liesman, Joe Gardella, R. B. Moore, B. Robbins, Wm. Bolander, Dan Mulcahy, N. C. Anderson, Wm. Fosher and W. F. Freudenberg.

MANY ATTEND ELITE AFFAIR

The whist bridge party held at the home of Mrs. Stanley Wright yesterday afternoon proved to be one of the most delightful social affairs of the season. The prize winners for the afternoon were Mrs. H. D. Chapman, Mrs. J. O. Ford, Mrs. E. J. Garrard, Mrs. W. E. O'Brien, Mrs. Ernest Griffin, Mrs. Gus H. Stokes, Mrs. Phillip Akins, Mrs. Joseph Rose, Mrs. R. P. LaSelle, Mrs. Henry Clegg, Mrs. Alex Winfree and Miss Helen Winfree.

HOMESTEADERS TO PLAY WHIST

This evening the members of Richmond lodge, Lincoln Homesteaders, will hold their second annual whist party in A. O. U. W. hall. The committee in charge of the affair are Mrs. Lottie Donnelly, Mrs. Madge Mitchell, Mrs. Bell Clark and Mrs. Stegeman has charge of the affair.

AUXILIARY WHIST PARTY A SUCCESS

A large number of card devotees were in attendance at the whist party held in Fraternal hall last evening by the Ladies' Auxiliary of the Locomotive Engineers. The prize winners were Mrs. J. F. Eaton, first and Mrs. Craig, door prize.

Come and try our pool tables—Standard Billiard Parlor, 702 Macdonald Ave.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Bothachy or Bladder bothers —Meat forms uric Acid.

No man or women who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Advt.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN That the Council of the City of Richmond on the 13th day of April, 1914, passed Resolution of Intention No. 226 to order the following work to be done to wit:

The Opening and extending of Seventh Street from its present termination at the northwesterly line of the Highland Tract across the right-of-way of the Atchison, Topeka & Santa Fe Railway Company to the southeasterly line of the West Richmond Tract, in the City of Richmond, to a uniform width of forty (40) feet, and to condemn and acquire any and all property necessary and convenient for that purpose, and to create an assessment district to be benefitted by said improvement and to be assessed to pay the costs, damages and expenses thereof.

That the land which is by this Council deemed necessary to be taken therefor and which this Council intends to take therefor is described as follows, to wit:

Commencing at the intersection of the westerly line of Block "B" of the Highland Tract, as shown on "Map of the Highland Tract" filed in the office of the Recorder of Contra Costa County, California, on the 20th day of May, 1904, and the southeasterly right-of-way line of the Atchison, Topeka & Santa Fe Railway Company, and running thence N. 51 degrees 41 minutes 30 seconds W. across the said right-of-way a distance of 100 feet to a point of curve; thence to the right 78.54 feet on the circumference of a curve whose radius is 50 feet to a point of tangency in the northwesterly line of said right-of-way; thence along said line of the right-of-way S 38 degrees 18 minutes 30 seconds W. a distance of 140 feet, to a point of curve; thence in a northeasterly direction 78.54 feet along the circumference of a curve whose radius is 50 feet to a point of tangency; thence re-crossing the said right-of-way S 51 degrees 41 minutes 30 seconds E. a distance of 100 feet, to a point of curve; thence to the right a distance of 84.00 feet along the circumference of a curve whose radius is 93.20 feet, to a point of tangency on the extension northerly of the westerly line of said Seventh Street; thence south along said extension of the westerly line of Seventh Street, a distance of 27.23 feet, to its intersection with the said southeasterly line of said right-of-way; thence along said southeasterly line of the right-of-way N. 38 degrees 18 minutes 30 seconds E. 96.72 feet to its intersection with the said westerly line of said Block "B" said Highland Tract, and the point of commencement. Being a portion of the right-of-way of the Atchison, Topeka & Santa Fe Railway Company, and containing 2.81 acres. All being in the City of Richmond, County of Contra Costa, State of California.

That the exterior boundaries of the district of land hereby established, determined and declared to be affected and benefited by said work or improvement, and assessed to pay the damages, costs and expenses thereof, and to be known as "Assessment District No. 226" are described as follows, to wit:

Comencing at the southeasterly corner of the Richmond Home Tract, as shown on "Map of Richmond Home" filed in the office of the Recorder of Contra Costa County, California, February 1, 1902, and running thence northerly along the easterly boundary line of said Richmond Home to the northeasterly corner thereof; thence continuing northerly along the easterly boundary of Turpins Addition, as shown on "Map of Turpins Addition" filed in the office of the Recorder of Contra Costa County, California, June 29, 1903; thence continuing northerly along the easterly boundary line of Martha Washington Tract, as shown on "Map of Martha Washington Tract," filed in the office of the Recorder of Contra Costa County, California, February 5, 1906; thence continuing northerly along the easterly boundary lines of Block "G" and Block "D" of the Highland Tract, as shown on "Map of Highland Tract" filed in the office of the Recorder of Contra Costa County, California, May 20, 1904, to the northeasterly corner of said Block "D"; thence westerly along the northerly lines of said [illegible] "D", "C", and "B" of the said Highland Trace to the southeasterly right of way line of the Atchison, Topeka & Santa Fe Railway Company; thence northeasterly along said right-of-way line to its intersection with the extension southerly of the easterly line of the West Richmond Tract, as shown on "Map of West Richmond Tract" filed in the office of the Recorder of Contra Costa County, California, February 19, 1906; thence northerly along said extension and along the said easterly line of the West Richmond Tract to the northeasterly corner of said West Richmond Tract; thence continuing northerly along the easterly boundary of Wells Second Addition, as shown on "Map of Wells Second Addition" filed in the office of the Recorder of Contra Costa County, California, March 4, 1912, to the intersection of said easterly boundary of Wells Second Addition with the northerly boundary line of the city of Richmond; thence westerly along said northerly boundary line of the City of Richmond to its intersection with the westerly boundary line of the Andrade-Gularte Tract, as shown on "Map of Andrade Gularte Tract" filed in the office of the Recorder of Contra Costa County, California, July 21, 1912; thence in a general southerly direction along the westerly line of said Andrade Gularte Tract to the southwesterly corner thereof; thence continuing in a general southerly direction along the westerly boundary line of the Industrial Center Tract, as shown on "Map of Industrial Center Tract" filed in the office of the Recorder of Contra Costa County, California, April 25, 1912, to the southwesterly corner of said Industrial Center Tract; thence easterly along the southerly boundary of said Industrial Center Tract, and the extension thereof, to its intersection with the northwesterly boundary line of the said Turpins Addition; thence southwesterly along the said northwesterly boundary line of Turpins Addition to the most westerly corner of Block Three (3), said Turpins Addition; thence to the northwesterly corner of Block Two (2), said Turpins Addition; thence southerly to the southwesterly corner of said Block Two (2); thence southerly along the westerly lines of Blocks Seven (7) and Two (2) of the Richmond Villa Tract, as shown on "Map of Richmond Villa Tract" filed in the office of the Recorder of Contra Costa County, California, September 9, 1906; to the southwesterly corner of said Block Two (2); thence easterly along the southerly boundary of said Block Two (2) and Blocks Three (3) and Four (4) of the said Richmond Villa Tract, thence to the southwesterly corner of Block One (1), Richmond Park, as shown on "Map of Richmond Park" filed in the office of the Recorder of Contra Costa County, California, March 31, 1902; thence along the southerly lines of Blocks One (1), Two (2) and Five (5) of said Richmond Park to the said easterly corner of said Block Five (5); thence to the southwesterly corner of Block One (1) of the Terminal Tract, as shown on "Map of Terminal Tract" filed in the office of the Recorder of Contra Costa County, California, February 19, 1907; thence along the southerly lines of Blocks One (1) and Seven (7) of said Terminal Tract, to the southeasterly corner of said Block Seven (7); thence along the southerly line of the said Richmond Home Tract to the southeasterly corner of said tract, and the point of commencement. Being all in the City of Richmond, County of Contra Costa, State of California. Saving, excepting and excluding from said district all public streets, alleys, lanes, avenues and places therein included and contained, as shown on maps entitled "Plat Showing that Portion of the A. T. & S. F. right-of-way required for the Extension of Seventh Street, Numbered 226, Sheet 1, and dated April 10, 1914" and "Plat Showing Assessment District for the Extension of Seventh Street across the A. T. & S. F. right-of-way, Numbered 226, Sheet 2, and dated April 10, 1914" prepared by the Engineer of the City of Richmond.

That the said work or improvement is to be done under an act of the Legislature of the State of California, entitled "An Act to provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part, any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, and all acts amendatory thereto.

Reference is hereby made to said Resolution of Intention No. 226 now on file in the office of the Clerk of the City of Richmond, for further particulars.

NOTICE OF PUBLIC WORK

NOTICE IS HEREBY GIVEN That the Council of the City of Richmond on the 13th day of April, 1914, passed Resolution of Intention No. 214 to order the following work to be done, to wit:

The widening of Cutting Boulevard from the easterly line of Sixteenth Street to the easterly line of the Griffin & Watrous Addition, to a uniform width of one hundred and ten (110) feet, and to condemn and acquire any and all property necessary and convenient for that purpose, and to create an assessment district to be benefitted by said improvement, and to be assessed to pay the costs, damages and expenses thereof.

That the land which is by this Council deemed necessary to be taken therefor, and which this Council intends to take therefor, is described as follows: All of Lots One (1) and Two (2), Block Sixteen (16), of the Griffin & Watrous Addition, as shown on the Map of Griffin & Watrous Addition to Richmond, County of Contra Costa, California, filed in the office of the Recorder of Contra Costa County, California, on the 31st day of May, 1904. All being in the City of Richmond.

That the exterior boundaries of the district of land hereby established, determined and declared to be affected and benefited by said work or improvement, and assessed to pay the damages, costs and expenses thereof, and to be known as "Assessment District No. 214" are described as follows, to wit:

Commencing at the southwesterly corner of Block Eighteen (18), of the said Griffin & Watrous Addition, and running thence easterly along the southerly boundaries of said Block Eighteen (18), and of Blocks Seventeen (17) and Sixteen (16), of said addition, to the southeasterly corner of said Block Sixteen (16); thence northerly along the easterly boundary of said addition to the northeasterly corner thereof; thence westerly along the northerly boundary of said addition to the northwesterly corner thereof; thence southerly along the westerly boundary of said addition to the southwesterly corner of Block One (1) of said addition; thence in a southeasterly direction to the northwesterly corner of Block Six (6) of said Addition; thence southerly along the westerly boundaries of said Block Six (6), and of Blocks Seven (7), Twelve (12), Thirteen (13) and Eighteen (18) of said addition, to the southwesterly corner of said Block Eighteen (18), and the point of commencement. Being all in the City of Richmond, County of Contra Costa, State of California, and shown on map entitled "Plat showing Land to be Taken, and Assessment District for the Opening of Cutting Boulevard," dated December 15, 1913, and numbered 214. Saving, excepting and excluding from said district all public streets, avenues, lanes, alleys, crossings, and places therein included and contained, and the land to be taken for said improvement.

That the said work or improvement is to be done under an Act of the Legislature of the State of California, entitled "An Act to provide for laying out, opening, extending, widening, straightening, or closing up in whole or in part, any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 6, 1889, and all acts amendatory thereto.

Reference is hereby made to said Resolution of Intention No. 214 now on file in the office of the Clerk of the City of Richmond, for further particulars.

UNION MADE F. T. CHRISTOPHER, Prop.

Martinez Refinery 25,000 Barrels

MARTINEZ, April 24.—That the refinery of the Shell-Royal Dutch oil syndicate which is to be built in Martinez will be built in Martinez will be constructed in units and that the initial capacity will be equal to the capacity of the pipe line, viz, 25,000 barrels per day was the announcement made Wednesday by W. Meischke-Smith, of London, general American representative of the syndicate and who was on that day elected president of the Valley Pipe Line company, recenly incorporated for $10,000,000.

"In connection with our pipe line, which will be an eight-inch main with a capacity of 25,000 barrels a day, we shall erect a refinery at tidewater on a transbay site" said Meischke-Smith. "The refinery will be built in units, with an initial capacity probably equivalent to that of the pipe line. I desire to say that we do not propose to enter upon a trade war or slam the market for gasoline or any petroleum product. Our effort will be to create a market through the quality of our products, not to slash prices. In point of fact, we are selling our gasoline above current prices in certain localities at this very moment."

The officers of the Valley Pipe Line company in addition to Meischke-Smith are John Lawson, vice president and R. A. Lewin, secretary and treasurer. The syndicate is also preparing to award a contract for the construction of a deep-sea going tank steamer of from 50,000 to 65,000 barrels capacity, which will fly the American flag and which will, if possible be built in San Francisco. This ship will engage in the coastwise trade only, leaving the trans-Pacific trade to be carried on by the ships of the present oil-carrying fleet.

Jury Is Sworn and Mooney Trial Begins

MARTINEZ, April 24.—With only one preemptory challenge remaining to each side the jury which is to try Thomas J. Mooney for the second time for the alleged offense of having high explosives in his possession when arrested in Richmond on December 27th of last year was selected and sworn at 11 o'clock on Thursday morning. Six farmers, a carpenter, a merchant, a retired business man and retired rancher, one laborer and one saloon owner comprise the personnel of the jury and it is noticeable that Richmond and western Contra Costa representation on the jury is lacking, the farthest west jurors being from Martinez and Lafayette, all others coming from eastern and central Contra Costa.

Thirty-three talesmen had been examined before the jury was chosen, the defense exercising nine of its ten preemptories and the prosecution having but one of its five challenges left. In this case as in the former trial, extreme care was exercised by the prosecution in securing a jury composed of other than Union men and the defense was likewise just as careful in securing men who in no wise opposed the labor unions or prejudiced against members thereof.

In his opening statement to the jury which followed the reading of the information by Court Clerk F. J. Barnard, District Attorney McKenzie impressed upon the jury that there is no reference in the information nor will there be any attempt to prove during the course of the trial that the fulminate of mercury which Mooney is alleged to have had in his possession was to be used for any illegitimate purpose, but that the prosecution is based solely upon the circumstances attendant upon the defendant's having the alleged high explosive in his possession, contrary to the statute provisions.

"The first witness called in the afternoon was Gust Gregorius, the Vallejo fisherman who sold the boat to Mooney on Christmas day. The evidence which will be brought out at this trial will be similar to that introduced in the first trial.

THE JURY

Sylvester Olmsted Morgan Ter. Martin Bonzagni, Martinez.
A. E. Hodges, Lafayette.
Henry Polley, Clayton.
James Hoey, Martinez.
Guy O. Smith, Martinez.
M. N. Breckinridge, Concord.
B. W. Bennett, Danville.
John W. Diethedm, Oakley.
Jacinto Lawrence, Walnut Creek.
James P. Carey, Antioch.

MANY ATTEND FORTY-SEVENTH CONVENTION

The Forty-Seventh annual convention of the California Sunday School Association held at Woodland on April 21st to 23rd, proved to be one of the largest attended affairs held by that organization in many years. The principal speakers at the convention were by Rev. Charles F. Aked of San Francisco and Dr. George E. Burlingame of the city. Those who attended from Contra Costa county were: Richmond, Rev. Guy A. White, A. F. Poage, J. H. Plate; Martinez, Miss Helen Hale and W. G. Reed; Brentwood, C. G. Lucas.

STUDENTS RECEIVE OBJECT LESSON

The chemistry class of the Richmond union high school were present at the water filtering demonstration plant in the Ross building this morning shortly after 10 o'clock when Professor Griswold, of the state university explained to the pupils all about the chemical part of treating and filtering the water from the Sacramento river.

The arrangements were made to give the students advantage of the object lesson in chemistry by Professor B. X. Tucker.

The students had their note books and seemed to be much interested in the demonstration.

Attorney Lee D. Windrem left last evening on a business trip to Lake county.
